DETAILED ACTION

1. The terminal disclaimer filed on may 10, 2006, disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of the full statutory term as shortened by any terminal disclaimer of patent 6,716,332 has been reviewed and is accepted. The terminal disclaimer has been recorded.
2. The following is an examiner's statement of reasons for allowance: the terminal disclaimer has overcome the double patenting rejection. As indicated in the office action of November 1, 2005, the claims are considered to be allowable over the prior art for the reasons developed during prosecution of parent application SN 09/582,919, now patent 6,716,332.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
